

Jump for the Sun
by Lindamichellebaron

Live like we know
There's a race to be won
But to win it we have to
Jump for the sun.

Don't let the sun shine on our face.
Jump for the sun. Don't stand in place.
The universe has enough for everyone
But to get it we have to jump for the sun.

We know what it takes to begin.
Get knowledge and stamina. Get set to win
Get discipline, focus and control
We're getting ready to reach a goal

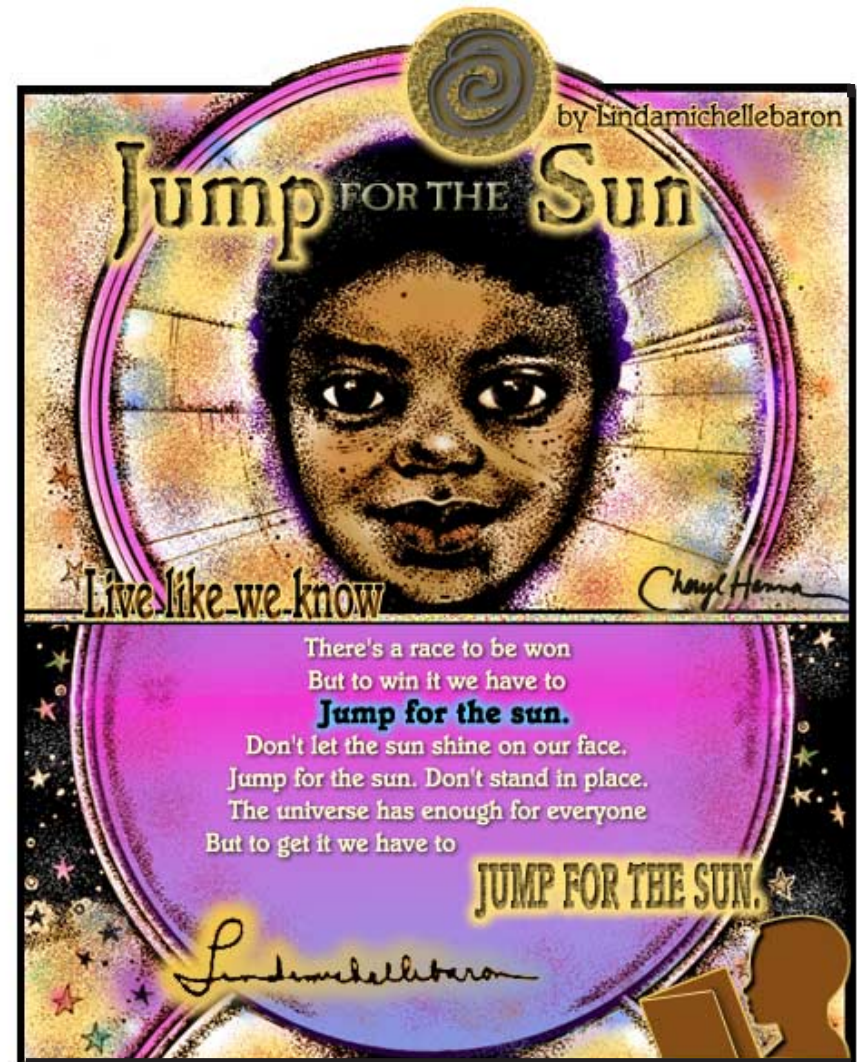

Get desire. Get a powerful will.
Get over the blockers, trying to keep you still
Remember life is a serious race
There is no time to stand in place

See beyond what you thought you knew.
Get ready to re-vision what you think is you.
Don't let yourself be held back
Jump beyond what you think you lack.

You're still not sure?
Then *act like you know.*
Set your mind
and your body will go!

There's enough space for everyone
You deserve your space.
Jump for the sun.

Get your suntan lotion
Get yourself in motion
Get into the flow.
You're ready.
Now, Go!!
